

ADVISORY OPINION SUMMARIES:

AO 91-004

The Mayor and Council members of the City of Dover are paid reimbursement of expenses as outlined in the city charter. This reimbursement is not considered a wage, is not subject to Social Security contributions and is therefore not considered under the \$1,000.00 limit pertaining to reports required of candidates for elected positions paying \$1,000.00 or more. These candidates only need to sign a "Certification of Intention" form. If subsequently they exceed the \$2,000.00 campaign contribution or expenditure limitation, they will need to comply with the committee and finance reporting requirements.
