STATE OF DELAWARE
Official Results of General Election
(EXCLUDING WRITE IN VOTE)

1970
FOREWORD

Casting our ballot on Election Day is a privilege granted to us by our Constitution. More of us should take advantage of this privilege if we are interested in the government of our State and Nation.

We are lucky to be living in these United States and to be able to enjoy the freedoms allowed here. To show our appreciation, let us be proud of our flag, our country, our state, and of ourselves that we have done our part in preserving these freedoms. Only through participation in the various elections can we do our part to maintain an efficient government.

Participation in elections is a responsibility also. Only by accepting our share of this responsibility can we feel we are a part of this great Nation in which we live.

This brochure gives pertinent information concerning elections in our great State of Delaware. Read it carefully and digest the valuable facts herein contained.

STATE OF DELAWARE

ITEMS OF INFORMATION

MAJOR CHANGES IN ELECTION LAWS DURING 125TH GENERAL ASSEMBLY

1. Established a full time State Election Commissioner. Prior to the 125th General Assembly the State Auditor served in both capacities.

2. Removed the big lever on the voting machine making it impossible to vote for a complete slate of candidates in one operation. The theory behind this was for electors to vote for each individual candidate on his merits.

3. Created a state-wide primary for candidates for the top of the ticket. Prior to the enactment of this law, candidates who ran state-wide were nominated in convention only. It is now possible for a candidate defeated in convention, to call for a primary providing he has received 35% of the eligible convention vote.

4. Created equal representation of both major political parties on the Election Board in each county. The State Election Commissioner was made an ex-officio member of each board with voting privileges.

5. Created an Administrative Director and Deputy Director for each Department of Elections and mandated that the Administrative Director must be of the same political party as the Commissioner of Elections and the Deputy Director must be of the opposite political party. This was enacted to be sure of a check and balance at all times.

6. Enacted a statute to allow an elector to write in the name of any candidate of his choice for any office.

1970 REAPPORTIONMENT

The Reapportionment Bill of 1968 mandated the following:

The apportionment provided for by this chapter shall continue in effect until the official reporting by the President of the United States of the next Federal Decennial Census. After the official reporting of the 1970 Federal Decennial Census, by the President to Congress, the General Assembly shall, not later than June 30, 1971, reapportion and redistrict the State, wherever necessary, for the General Election in 1972 and thereafter in such a manner that the several Representative and Senatorial Districts shall comply, insofar as possible, with the criteria set forth in subparagraphs (1) through (4) of Section 606 of Title 29. Such apportionment shall thence continue in effect until the next succeeding Federal Decennial Census; therefore, in the 1972 election there will be elected a Senator and a Representative for each Senatorial and each Representative District.

It is the duty of the General Assembly to establish the Senatorial and the Representative District lines. Then it is the responsibility of the Department of Elections of each County to create Election Districts within the Representative District boundaries. Each Election District should contain not less than 300 nor more than 1200 registered voters. There are, however, circumstances when, due to necessity, this can be changed.
