

Existing and Proposed RD/ED Map

- **Sussex RD/ED 20-06 (Existing)**- This RD/ED is voting at Lewes Church of Christ the Crossing. The total number of voters at this location with RD/ED 20-12 is 3,065 before the new cut.

- **Sussex RD/ED 20-06S (Proposed Split) and 20-13N (Proposed New)**- A small portion of RD/ED 20-06 along the coastline was adversely impacted by the changes we made, and we had to correct the situation by placing them back in their original polling location.

As you can see, the original cut should have taken place North of the impacted area. Instead, of having them pass two polling locations (Lewes Elementary School and Lewes Library) and drive 4 miles to their new polling location. The solution we came up with is to create a new ED (20-13N) to allow us to move this area to Lewes Elementary School.
