Appeal Request Form

Delaware Code Title 15 § 8044. Tardy and Incomplete reports.

Upon receipt of such notice, the reporting party shall have 30 days to appeal such fine in writing to the Reports Appeals Subcommittee. In the event of an appeal, the reporting party shall have the opportunity to show the Reports Appeals Subcommittee that such tardiness is due to reasonable cause and not willful neglect. If the Reports Appeals Subcommittee determines that such tardiness is not due to reasonable cause, or the reporting party fails to timely file an appeal, such fine shall constitute a debt due and owing the State, assessable by the Commissioner and recoverable against the reporting party. If the reporting party has any additional documentation for consideration by the Reports Appeals Subcommittee, then please add those pages as needed and send directly to the attention of the Reports Appeals Subcommittee. Furthermore, please be advised that the Reports Appeals Subcommittee may request additional information to assist in the decision making process.
