

State of Delaware
Department of Elections

July 17, 2020

PLEASE NOTE: If you have already requested an absentee ballot for the State Primary Election, you do not need to request a Vote by Mail Ballot for that election.

Dear Delaware Voter:

Delaware's 2020 State Primary Election is scheduled for Tuesday, September 15th. You are receiving this letter because you are a registered Democrat or Republican (registered with the party as of May 29, 2020), and thus may vote in this election.

We are writing to inform you of a new Vote by Mail law that enables everyone to complete a ballot from home (this process will also be in place for the November general election). It is a two-step process:

1. Complete and return the enclosed "vote by mail" ballot application, or complete it online at <https://ivote.de.gov>, by September 11, 2020. You may scan the QR code on your mobile device to access the iVote website. Please ensure that all information is accurate, otherwise your ballot may be delayed.
2. We will then mail you the ballot, which you may return by mail, rather than casting your vote in person at a polling place on September 15th.

If you are a voter who is sick or physically disabled, you may visit <https://ivote.de.gov> to request an *absentee* ballot (a slightly different process than vote-by-mail), or you may complete the appropriate section of the enclosed application to request an *absentee* ballot. This selection will allow you to receive, mark, and return your absentee ballot electronically (via fax or email).

You may update your voter registration information (such as your address) by providing the updated information on the application. **It is very important to provide the correct address to ensure you receive your ballot.** You may also have your ballot mailed to an address other than the address where you're registered to vote, if you prefer. Please include the mailing address on your application, if applicable.

If you have received this mailing for someone who no longer lives at your address, please mark the envelope "Return to Sender" and leave for your mail carrier to collect. It is important that we receive these items back so that we may update the voter registration list.

There are four (4) ways to send your vote by mail application: (1) online via <https://ivote.de.gov>, (2) returning it in the enclosed postage-paid envelope; (3) faxing it to the fax number for your county Elections office (see below); or (4) sending it via email with an scanned image or digital photo of the application attached to your county Elections office's email address (see below). Your county Elections office will then mail you your ballot along with pre-addressed, postage prepaid envelope to for you to complete and return.

State of Delaware
Department of Elections

PLEASE NOTE: Voting by mail is an option for you and is entirely voluntary if you do not wish to vote in person at your polling place. You may instead choose to vote at your usual polling place on Election Day. Your polling place is listed on the enclosed vote by mail application. Polling places will be open from 7AM-8PM. A list of polling places for your county is available at: https://de.gov/polling_places. Please note that you may not return your vote by mail ballot to your polling place on Election Day. **Vote by mail ballots may be returned in-person to your county Elections office but must be received at that office by 8PM on Election day. A secure ballot drop box will be available at each county office.**

If you have any questions, please contact the Elections office for your county:
