NOTE: Amount (rounded) are in cents/\$100 of assessed value. Tax rates are estimates based on several factors including interest rates. Retirement of existing debt will offset annual tax increase in future years. The "Annual Tax Rate" is based on the District's current debt service rate (\$0.1888 per \$100 of assessed value) and several other factors including market interest rates. The calculations in the above table were prepared without regard to any future referenda that may be pursued by the District.

For a New Castle County property in the district assessed at \$47,000 (average market value is \$200,000), the increased debt service cost to the homeowner is as follows over the first five of the twenty-four years the bonds will amortize, and accounting for debt retirement:

Year 1	Year 2	Year 3	Year 4	Year 5
(\$2.40)	(\$5.97)	\$13.16	\$38.21	\$6.02
